Choice Sites

A couple of Web sites offer nationwide rentals. At www.cabins.com we discovered intriguing Southern locales. The best Virginia selections came from www.mountain-lodging.com. This site lists so many Shenandoah Valley rentals they alternate offerings every 10 days.

Exotic Escapades

Even the most loyal Southerners escape to destinations outside our region from time to time. We found three worthy ones.

Take a hike in the forests of New York's Adirondack Mountains. Go to www.canadalakemarine.com to find cabin rentals on lovely Canada Lake. Two of their cabins are accessible by boat only.

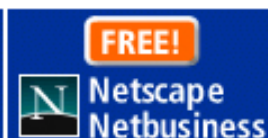

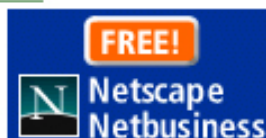

You can skip the crowded resort scene in Hawaii by reserving a cabin at www.hawaii-travelers.com, where you will find beachfront estates, homes, and condos for rent.

For those of you who really have a desire to get away from the crowd, check out www.denaliflying.com. The Denali Flying Service offers fly-in cabins in Alaska. They also offer Iditarod tours for the March 2002 mush race. Happy Trails. *Annette Thompson*
